

# WELCOME TO CAREERSAFE!

**As a student, you have access to a variety of tools and resources** to help you succeed and earn your OSHA 10-Hour wallet card. At CareerSafe®, our top priority is to ensure that all of our students find success in our workplace safety trainings, and gain the necessary life skills to succeed in their career and day-to-day life. **As a student, did you know...**

## **You can suspend your final assessment to review material:**

As a student taking the final assessment, you must score with a 70% or higher to pass and complete the course. While taking the final assessment, you have the option to pause the test to revisit the course material. Use this feature to your advantage to pass the final and score the highest you can!

## **You can download study guides:**

You can download or print off the summary study guide that highlights the most important material of that course. Save these and refer back to them because many of the final cumulative assessment answers are taken directly from these guides. Study Guides can be accessed within your course.

## **You have 3 attempts on the final assessment:**

The final assessment at the end of the course is cumulative. Carefully review your personal notes and CareerSafe® study guides to ensure you earn the highest grade you can. If you fail all of your final attempts (3), you will have to restart the course from the beginning. It pays to study and pass the first time!

## **You can reset your password if you cannot login:**

If you cannot remember your CareerSafe login credentials, you can reset your account password. To do so, click the "Forgot Password?" link under the login box on the CareerSafe Campus. You can complete these guided steps to reset your password and get back into your account. If you cannot remember the email associated with your account, you may have to contact your teacher.

## **You can contact CareerSafe Support if you have questions:**

CareerSafe offers all students both technical support and course content support. If you are experiencing technical issues, or not understanding how to complete a task, contact support at [support@careersafeonline.com](mailto:support@careersafeonline.com). For all OSHA related questions, please contact the CareerSafe OSHA trainer at [trainer@careersafeonline.com](mailto:trainer@careersafeonline.com).

## **You can win scholarship opportunities:**

YOU COULD WIN  
**\$2500**

Every year, CareerSafe® awards \$24,500 to students in the form of scholarships. Enter to win either the National Youth Essay Contest or Video contest, and you could win up to \$2,500, and an additional \$5,000 cash for your school! To learn more, including how to enter, visit the "Scholarships" page on the CareerSafe® website.
