

Local Construction Company Profile

Create a PowerPoint document illustrating a company profile of a **local construction company** with supporting graphics/illustrations that the company could share with a client describing services provided and explaining the project delivery method used by the company. Create this as if you are the construction company owner and are creating advertising material for your company. The presentation must include the following ten slides:

Slide No./Description

- 1. Title slide.** Assignment name ("Local Construction Company Profile"), your name, class name, due date, class period.
- 2. General contact information.** Company name, address, phone number, website, and email address.
- 3. Company owner(s).** Names of principal parties, owner(s), managers, point of contact (person), etc.
- 4. Type of work performed.** Examples: general contractor; residential, commercial, or industrial construction; remodeling; kitchens; bathrooms; utilities; civil construction, electrical, plumbing, HVAC, etc.)
- 5. Primary customer/client focus.** Individuals, business owners, government, manufacturing, etc.)
- 6. Type of Construction Project Delivery.** Design-Bid-Build, Construction Manager at Risk, or Design/Build.
- 7. Sales pitch.** Purpose, motto, principles, etc.
- 8. Endorsements.** Ratings, endorsements, and affiliations.
- 9. Illustrations.** Photos of examples of completed work.
- 10. Illustrations.** Photos of examples of completed work.
