Species Identification

Some WWPA grade stamps identify an individual Western lumber species.

Douglas Fir	Western Red Cedar
Douglas Fir South*	Incense Cedar
Engelmann spruce	Sugar Pine
Ponderosa Pine	Idaho White Pine

*Lumber manufactured from Douglas Fir grown in Arizona, Colorado, New Mexico and Utah.

A number of Western lumber species have similar performance properties and are marketed with a common species designation.

Douglas Fir and Larch	California Red Fir, Grand Fir, Noble Fir, Pacific Silver Fir, White Fir and Western Hemlock
Ponderosa Pine and Sugar Pine	Incense and Western Red Cedar
Engelmann Spruce and Alpine Fir	

Because of timber stand composition, some mills market additional species combinations.

Engelmann Spruce, Lodgepole Pine	Western Woods (Any combination of western softwood species except Redwood)
White Woods (Engelmann Spruce, and true firs, any hemlocks, and pines)	Engelmann Spruce-Alpine Fir-Lodgepole Pine
Ponderosa Pine, Lodgepole Pine
